**U.S. SECURITIES AND EXCHANGE COMMISSION’S STATUS REPORT
REGARDING THE PRODUCTION OF DOCUMENTS AND PRIVILEGE LOG FROM
THE U.S. DEPARTMENT OF TREASURY**

On December 8, 2006, the Court ordered the SEC to provide it with a status report of the Department of Treasury’s (“Treasury”) production of a privilege log related to its responses to the SEC’s June 30, 2006 voluntary request for production of documents in advance of the scheduled hearing on Defendant Steven E. Nothorn’s Motion to Compel Production of Documents and Motion For Order To Show Cause. The following is a status of the privilege log and additional production that the SEC has received from Treasury.

On December 19, 2006, Treasury produced approximately 141 pages of documents, a privilege log, and a cover letter to counsel for the SEC and counsel for Nothorn. A copy of Treasury counsel’s cover letter is attached hereto as Exhibit 1. In the letter, Treasury counsel stated that Treasury had completed its production in response to the SEC’s June 30, 2006 request.

The privilege log produced by Treasury, which details the documents that Treasury has withheld from its production in this case, or produced in redacted form, and provides the bases for Treasury's privilege claims, is attached hereto as Exhibit 2.

Additionally Treasury provided Nothern's counsel with a letter on December 19, 2006 responding to Nothern's letter of September 19, 2006 requesting a "disc" referenced during the deposition testimony of Frances Anderson. A copy of this letter is attached hereto as Exhibit 3. Treasury counsel noted that both Treasury's information technology staff and Ms. Anderson conducted searches for the requested information on computer diskette and on Ms. Anderson's hard drive, but the information was not found.

Dated: December 22, 2006

Respectfully Submitted,

Re: Request for documents in *Securities and Exchange Commission v. Steven E. Nothorn*,
Case No. 05-10983

Dear Ms. Williams:

This is the final in a series of responses to your June 30, 2006 letter. Your letter submitted pursuant to Treasury's *Touhy* regulations requests documents related to Treasury's quarterly refunding announcement for U.S. government securities on October 31, 2001. This production completes Treasury's response to the request for documents in Attachment A to your letter. Where appropriate, redactions have been made to privileged information. An index of withheld documents and the privileges claimed with regard to those documents also is included with this letter.

As noted in our August 3, 2006 letter to you, certain portions of your request appeared to be unduly burdensome. Specifically,

1. Paragraph (b) sought "all correspondence, including e-mails and letters, between any official or employee at Treasury including, but not limited to, Peter Fisher, Brian Roseboro, Roger Anderson, Jill Ousley, Paul Malvey, and Lula Tyler, concerning attendance at Treasury refunding conferences and/or any rule of confidentiality or 'embargo' pertaining thereto." We limited our search to the files of persons reasonably expected to have responsive materials. Thus, we searched the above mentioned employees, the Office of Domestic Finance and the Office of Public Affairs. To require the Department to search the files of all current and former employees would put an enormous strain on the Department's resources and is without justification.
2. Paragraph (c) sought "all appointment logs, daily calendars, or other documents showing meetings between Pete Davis and any official at Treasury, including but not limited to Peter Fisher, Brian Roseboro, Roger Anderson, Jill Ousley, Paul Malvey, and Lula Tyler." We limited our search to the files of persons reasonably expected to have responsive materials. Thus, we searched the above mentioned employees, the Office of Domestic Finance and the Office of Public Affairs. To require the Department to search the files of all current and

former employees would put an enormous strain on the Department's resources and is without justification.

3. Paragraph (g) sought "all documents concerning the use of press embargos from January 1, 1994 to present." To require the Department to search its files for such a broad date range would put an enormous strain on the Department's resources and is without justification. We limited our search to 1998 to the present.

Additionally, paragraph (n) of your June 30, 2006 letter sought documents related to Treasury's Office of Inspector General's Investigation number 2002-0104. All documents relating to paragraph (n) are either privileged and accounted for in the index of withheld documents or already have been produced either in previous productions to the SEC or in response to a November 11, 2005 FOIA request (FOIA Request No. 2005-11-046) from defendant's counsel. With that said, however, those previously produced documents do not constitute a waiver of any existing or future privileges that the Treasury department may assert regarding these or any other documents relating to paragraph (n).

This response, coupled with our previous responses, completes our production with regard to your June 30, 2006 request pursuant to Treasury's *Touhy* regulations. With regard to our production, we note that to the extent that we have already produced a particular document, we will not be producing it again and we will not be producing those documents prepared specifically for the purpose of responding to your document requests.

If you have any questions, please call me at 202-622-2317, or Christian Furey at 202-622-5441.

Sincerely,

Thomas M. McGivern

Re: Frances Anderson

Dear Mr. Shope:

This letter is in response to your September 19, 2006 request that the Treasury Department locate and produce a "disc" that Ms. Frances Anderson referred to in her August 3, 2006 deposition. In that deposition, Ms Anderson stated that she saved a copy of a draft press release regarding the suspension of the 30-year Treasury bond (PO 749) on her computer's hard drive or on a computer diskette on October 31, 2001. In addition to her previous efforts to locate responsive documents related to the *Touhy* request from the Securities and Exchange Commission regarding this case, following your letter Ms. Anderson conducted a search for this document on computer diskettes. In addition, the Treasury Department's information technology staff also searched for the document on the hard drive on Ms. Anderson's computer. No diskette that included the document was found, nor was the document found on her computer's hard drive. We note, however, that a number of copies of PO 749 have previously been produced.

If you have any further questions please contact me at 202-622-2317.

Sincerely,

Thomas M. McGivern

Thomas M. McGivern
